

Community Free Program

Peachjar's Community Free Flyer Program is our way of giving back to communities by covering the fees for one Community Free flyer per 28 days for organizations promoting a charitable free program, service or resource where children are the direct beneficiary. By incurring this fee, Peachjar strives to enable organizations to more easily reach families and positively impact the lives of children.

What Qualifies as a Community Free Flyer?

- Your organization physically resides within the boundaries of the school district you wish to distribute to.
- Your charitable program, service or resource directly benefits children, has no enticement for future fee-based programs, and does not serve the purpose of fundraising, collecting monetary donations or allow for the purchase of products or services. Applicable to vendors if present.
- Your organization is not receiving fees or revenue from vendors participating in the event.
- Your flyer must specify that there is **no cost** to attend or participate.

Submissions are limited to one flyer distribution to one school district every 28 days. If you wish to distribute to more than one school district or more frequently than every 28 days, you may choose to distribute a standard flyer, subject to Peachjar's fees. Flyers will be reviewed individually, regardless of 501c3 designation. Peachjar reserves the right to determine final eligibility.

How It Works

Every Community Free flyer submission will go through this process:

1. Review these qualifications to ensure your program/event is appropriate for our Community Free Program.
2. **Register** as a Community Organization on Peachjar.com and contact Peachjar Support for instructions on how to apply by emailing support@peachjar.com or calling (858) 997-2117.
3. Submit your application to Peachjar with the program/event flyer. Peachjar will review your application in 3-5 business days and notify you whether or not your program/event qualifies.
4. If your application is **accepted** by Peachjar, your flyer will be sent to the school district for review and approval.
If **declined** by Peachjar, your flyer will be saved as a draft so you can still post your flyer using the standard method.
5. If your flyer is **approved** by the school district, your flyer is all set for distribution.
If **denied** by the school district, you will be notified and your flyer will not be distributed.

Make sure you have the final version of your flyer ready before you begin the application.
